STRUCTURED SETTLEMENTS & PRE-OWNED ANNUITIES

Exclusive Access to Safe Yield Through TUSK

Thank you for your interest in this report. At TUSK, we are dedicated to educating the post-retirement and income-investing community. We provide powerful financial tools in a way that's easy to understand, backed by legal clarity and institutional structure. You don't need to know how every part works-but you should understand exactly what it does for your income and why.

Structured Settlements and Pre-Owned Annuities have long existed-but today's environment makes them more relevant than ever.

OVERVIEW:

A Structured Settlement or Pre-Owned Annuity is not something you buy new-it's something you acquire from another party who no longer wants the income stream. These income streams are court-ordered and guaranteed by high-rated insurance companies.

When you acquire a structured settlement, you're buying a series of future payments at a discount. The result? Yields between 5% and 8%, with zero stock market exposure, and no hidden fees or middlemen.

At TUSK, we are not brokers. We are the direct source of this inventory. No commissions layered in. No

spreads. Just real yield, delivered from insurer to investor-with all documentation.

WHY NOW?

Many individuals and institutions holding structured settlements need immediate cash. They are willing to sell their guaranteed income at a discount to present value. That creates an opportunity for buyers like you to:

- Acquire tax-advantaged income
- Lock in 5-8% yields in a high-interest environment
- Remove market volatility from your retirement income strategy

Many of these contracts were originated years ago when rates were higher-so the built-in cash flows are more attractive than anything newly issued.

WHO IS THIS RIGHT FOR?

TUSK structured settlement investments are ideal for:

- Retirees seeking guaranteed monthly income
- Advisors managing bond ladder strategies
- Trustees and fiduciaries allocating to safe income
- IRA/LLC or Trust accounts looking for fixed, court-approved income streams

WHAT MAKES TUSK DIFFERENT?

We are the direct source, not a brokerage firm or wholesaler

Inventory is limited and exclusive-you see it first

Our contracts are fully documented, court-approved, and insurer-backed

You receive a net yield, not one reduced by hidden fees
